a) Events Committee

Cllr Mel Maidstone confirmed the committee had met on 11 May 2026.. The main focus is the Summer Fayre and things are progressing well. Cllr Mel Maidstone asked all members to consider volunteering at the event. Once the Summer Fayre is over, the committee will progress to dealing with the Senior Christmas Party and the Community Hearts Award Presentation evening.

b) Planning Committee

Cllr Roy Forder confirmed the committee continue to look and consider planning applications before sending comments to Broadland District Council. The Clerk had received a response from the development company concerning the size of the car park for the proposed care home on the former Jarrold site on Heath Crescent The Clerk will circulate this to members.

Approved.....

Cllr David Maidstone
Chairman of Hellesdon Parish Council

Date.....

c) Staffing Committee

Cllr David Britcher will request committee members to attend HR training and this will be agreed at the next staffing committee meeting. The Clerk confirmed that HR Governance and Support consultancy are able to attend staffing meetings virtually.

d) Environment Committee

Cllr Ian Duckett confirmed the committee had met earlier that day and were provided with detailed plans for the woodland planting project. The grant money has been received and the project must be completed by the end of December 2026. An update to residents will be communicated via the Just Hellesdon magazine.

e) Playing fields, Allotments and Amenities Committee

There have been no meetings since the last Full Parish Council meeting.

Cllr Mike Hicks queried issues around keys being delivered to allotment holders, the compost bin, beehive roof and hosepipe use. Pot holes on the site will be repaired in time along with installing speed limit signs.

The Clerk is still trying to agree a suitable meeting date with the LTA.

f) Community Centre & Café Committee

There have been no meetings since the last Full Parish Council meeting.

12. To Review the Following Primary Policies

a) Standing Order

The Clerk had forwarded proposed changes to Standing Orders prior to the meeting, including the requirement for staffing committee members to undertake professional HR training within three months of their appointment to the committee. The terms Chairman and Vice Chairman to be replaced by Chair and Vice Chair to become gender neutral. The request to speak will continue by the raising of the hand.

b) Financial Regulations

The Clerk had circulated proposed changes to the Financial Regulations prior to the meeting. The changes were proposed to ensure these mirrored standing orders and the scheme of delegation. However, it was acknowledged that there was more work to do once officers had fully embedded in the Council's new accounting software Scribe to reflect the more open and transparent processes for financial reporting and new bank mandates which were yet to be completed.

c) Members' Code of Conduct

This is unchanged as the document is issued by the Local Government Association.

d) Scheme of Delegation

The Clerk circulated proposed changes prior to the meeting to bring the document inline with Standing Orders and Financial Regulations. The document may need to be revisited once fully conversant in Scribe.

Approved.....

Cllr David Maidstone

Clerk's report for Full Council meeting 9 June 2026

Period 13 May 2026 to 2 June 2026

We are nearing the end of an extremely busy period for the Parish Council office and hopefully matters will calm down as we approach the main summer holiday season when we shall not be at full capacity for a number of weeks.

An update on some matters below:

Internal Auditor Visit

The Internal Auditor and his assistant was with us for a (long) day on 13 May 2026. Last visit the auditor had to return the following day but by staying late and working through some issues we managed to restrict the visit (and cost) to just one day. Given that neither the Clerk or Deputy Clerk had been at the Council for the majority of the financial year under review, it was difficult to piece together some answers. As councillors are aware we had to reconstruct the accounts from the last quarter.

Since the internal auditor's visit, I have been working through quite a number of other queries left to help him finalise his report. This has unfortunately delayed our move on to Scribe.

Scribe Software

It is fair to say that the transition from Rialtas to Scribe has not gone as smoothly as I would have hoped. We have experienced a number of problems, mainly due to the Rialtas issues we encountered and the processing issue that no one within the office is trained on Rialtas. This left us with a weekly visit from Richard Bishop to try and resolve all the issues that have accumulated.

We have had some technical issues with the transfer that are still being resolved, however as at three days ago we managed to enter our first items within Scribe Accounts. Work has been ongoing in the meantime with Scribe Allotments and Scribe bookings which have been unaffected by the technical issues. However, the inter connectivity between the three modules has been switched off to avoid any complications whilst each portion of Scribe is operating at different levels.

We will need to input all of the data from 1st April to date to order to reconcile the bank accounts and the Deputy Clerk is working diligently to ensure this is completed. However, the benefits of the new software are already being seen and there will be more improvements to come. One of those improvements will be the ability for hirers of the Community Centre to pay online by card by simply clicking on a link within the invoice.

Committee Work

Events

Work is continuing at pace on the coming Summer Fayre to be held on 20 June 2026. Connie Ackers' contract has been produced and signed and all event management is being finalised. The committee is still short of volunteers for the day so please do speak to Cllr Mel Maidstone or the Parish Council Office if you wish to get involved in the fun!

Playing Fields Allotments & Amenities

Whilst there has not been any further committee meetings work on actions arising have continued. Speed warning signs have been purchased and when delivered will be installed on the main path.

The potholes in the main path will be repaired but are not a majority priority currently and it is expected that work will commence for repairs in the Autumn.

A meeting of the Allotment Liaison Group (ALG) took place in Diamond Jubilee Lodge on 22 May 2026. This was a chance for the group to reset following my appointment as Clerk in January 2026. The meeting was very constructive and provided all parties to express views and suggest ways forward including better dialogue and communication. Notes of the meeting have been made available on the Council's noticeboard on the allotment site.

Environment

Members of the committee undertook a visit to green projects in Mile Cross on June 3rd 2026.

The Miyawaki Tree project, 50% funded by the Future for Nature grant from Broadland District Council, has progressed well with all bare root stock and mulching material ordered. Delivery is expected in September, subject to weather conditions. The planting is due to start in the Autumn with local school children helping to plant the hundreds of trees purchased. Councillors are welcome to join in the planting and further details will be made available in due course.

Staffing

Unfortunately a staff member broke their arm on holiday and will be absent for 6 weeks whilst it heals. We are also about to enter peak holiday season so capacity is unlikely to be at full strength for some weeks.

Community Centre & Café

Following the decision made by Full Council on 5 November 2025, we are continuing to look at the possibilities of involving volunteers to help support the café staff. Training, induction and certification is all being considered as we roll out the process to ensure we do not fall foul of any regulations.

Policy Property and Resources

The next committee meeting is scheduled for 29 June 2026 at 7pm. The agenda is already fairly packed. This meeting will also see the restart of our quarterly finance monitoring which had been absent for the whole of 2025.

Visits

On 14 May 2026 I attended the AGM of NorALC which is the Norfolk branch of National Association Local Councils (NALC). Cllr Gurney will provide a report at item 11 on the agenda.

On 19th May 2026 I attended the planning consultation at Hellesdon High School for the new SEND facility proposed to be built within the school grounds. Planning permission will follow in due course.

Other Business

We had a year 10 pupil Aoibheann Power from Hellesdon High School join us for work experience from 11th to 15th of May 2026. As part of Aoibheann's tasks, she produce a report reviewing her week and suggestion how the Parish Council could better engage with younger residents of Hellesdon. This can be found at item 10 of the agenda.

The Yorkshire Building Society have rebooked their Financial Wellbeing Event to be held in the foyer of the Community Centre for September 2026.

Clerk - 3 June 2026

Report for : Full Council

Date: 9 June 2026

Item Title: To approve continuation of Stephenson Smart Chartered Accountants as the Council's Payroll Provider.

Background and Purpose

In February 2026 Stephenson Smart Chartered Accountants were chosen as the Council's payroll provider. This decision was made to help support the admin functions of the Parish Council office which were facing backlogs due to the absence of a clerk for the 9 months previous. It was agreed to review the position in June 2026.

The transition experienced one or two minor hiccups but these were quickly resolved. The service also allows staff members to log on to a portal where they can download their own pay slips and P60s. In addition, Stephenson Smart Chartered Accountants also undertake all our obligations, submissions and returns for both LGPS and NEST pension schemes.

Recommendation

What used to be an almost day long process of compiling and checking the payroll can now be completed within an hour and has saved many hours of time. Payroll compliance has a very high bar to achieve and demands constant monitoring and updating as regulations change. Like most large Town and Parish Councils, this service has been outsourced to a professional provider.

I would **recommend** that the Council continue to use Stephenson Smart Chartered Accountants who have provided an excellent service. The cost per month is £111 + VAT and represents excellent value for money.

In comparison the cost of maintaining the IRIS software for payroll is £42.00 per month. In addition, internal admin staff costs would be in the region of £170 per month.

Report for: Full Parish Council
Date: 9 June 2026
Item Title: Work Experience Placement Review and Engagement with Hellesdon's Youth Residents

Summary

My name is Aoibheann Power, I have completed a week of work experience within the office and grounds of Hellesdon Parish Council (11th May 2026 to 15th May 2026). Throughout my week I have learned much about the workings of the Parish, that I never would have learnt without this week. I have thoroughly enjoyed my time at the Council and have definitely learned a lot.

Whilst walking around the grounds, I have seen a lot of things for younger kids to do within play parks and fields. Adults also have the option of walking their dog and doing many activities within the Community Centre. However, looking for things for teenagers to do is much harder, as within the play parks there are many more younger kids and nothing to do at all in the Community Centre. This can be a leading cause of boredom, as all teenagers can really do is walk around. This can lead to them doing inappropriate things like attempting to get to places they are not allowed to go and vandalising property. I have come up with a few solutions for the Council to consider within this report. Thank you for taking the time to read my report.

Background and Purpose

Many young people between the ages of 12 to 18 live in Hellesdon and the neighbouring areas as there are many primary schools and a high school near by. However, as mentioned before, boredom is a very big problem as young people will always find alternative ways of having fun and often this can be reckless and dangerous to both themselves and the community. This can be seen in the recreation ground and parks of Hellesdon with many instances of fights, broken property and teenagers often scaring away younger kids and families.

For young people locally, there is not very much to do with friends or by themselves. If we take a look at the Community Centre, there are very few events that young people could attend. I am aware that Hellesdon Parish Council does not choose what events are held in the Community Centre, but one thing I propose is that maybe once a month some sort of youth hangout group is formed with music, food and drinks that you can buy with hopefully a lively atmosphere maybe along the lines of a disco.

I do not believe there are enough things to do and explore within Norwich for young people. Even simple things to do, like facilities within a park that are for people above the age of ten, with bigger play equipment that appeals more towards the older age group. This could include hanging bars or swings. I appreciate that things like this cost a lot of money and may not be plausible at this given moment, however I do believe if more activities and places to

hang out were available, the youth of Hellesdon would partake in less violent activities such as vandalism or fights.

Improve Mental Health

Many young people nowadays may have poor home lives or just poor mental health in which they need an escape from. Their escape may be coming out with their friends and just simply walking around the area, however this could end in other things happening, such as breaking things or going places they are not allowed. Being away from home can be an escape for many young people and just a breather, which may allow the youth to overall feel a lot happier. This could lead to improved grades and behaviour inside and outside of school, hence why relaxation with friends is so important and a necessity in any area of the world.

So things young people would actually do, might be to come and play netball, football or tennis matches – this would be where anybody could come along (maybe charge them £2 or £3 to pay for revenue lost due to facilities being used) and play with their friends or people they've never met before. This could be advertised online through social media but could also be sent to schools to get them to attempt to talk about it or put posters up so people actually know when/where it's happening. This would not only bring people together and create lifelong memories and friends but also playing sports has long been regarded a great way to increase happiness and health as it releases high levels of dopamine.

Alongside this, another event that young people might attend would be discos as mentioned before, for this to happen it could be held in a hall in the community centre with some good music and this may also increase revenue for the cafe as many young people would want to buy drinks and/or food.

Communication

Events for Hellesdon's Youth could be advertised on social media platforms such as Instagram, TikTok and Facebook. I would recommend doing some advertisement on TikTok as many young people use it and this would be the easiest way to reach them all.

Using social media that younger people do use is a great way to reach a wider younger audience and interact with younger people. I believe that all of the parks in Hellesdon are very well maintained and well looked after, however many youth may not want to use parks due to the presence of smaller children and families. I believe this could be addressed using an idea that was earlier mentioned with a teenager only park facilities/areas.

Engagement with the Parish Council

Moving on to how the youth can get more involved within the council and community is through an idea which I call Youth Councillors. Youth Councillors would be a collection of maybe 12 or 14 teenagers between the ages of 12 to 17 in which they have meetings and could propose different ideas to do with Hellesdon and a voice for the younger generation in Hellesdon.

Due to there being a high school, it would not just be kids who live in Hellesdon who could become Youth Councillor's, it would be kids from Horsford, Sprowston, Mile Cross, Marl Pit and Costessey as within all these places are teenagers who use Hellesdon's facilities. This would be a great way to get the youth more involved and have a voice from a different and new perspective. Alongside creating ideas and proposing new plans they could also get involved with marketing on apps that younger people generally use such as TikTok, Instagram and Snapchat. Using these apps would reach a wider audience and get more views than restricting to platforms such as Facebook. Young people could run these

accounts and post, under permission, about what's happening in Hellesdon. This would also be a great way to promote earlier mentioned ideas of community sports matches and community discos.

I do believe that Hellesdon is a very safe space for the entire community, both the youth and elderly and everyone in-between. However, another problem that is running rampant within the youth age group is mental health problems. This is another reason why more youth hangout spots and events would be amazing, as it can get people out of their houses and get them to interact with people, talk to people and stay fit. The list of benefits is endless on how beneficial it is for anyone to get out of the house when they don't feel so good.

Summary

Overall, I think the three most important ideas from this report are: Youth Councillors, community sport games and teenager only hangout spots. Many thanks for reading this report and if you have any questions or queries, please contact me via the Clerk. If the Youth Councillors was to come to fruition, I would be more than happy to join and take part.

Once again, many thanks for reading my report.

Aoibheann Power (Year 10 Hellesdon High School)

Recommendation (from the Clerk)

Aoibheann was a delight to work with during her placement and engaged fully in all the activities and experiences during her week. This report is just one example of how Aoibheann immersed herself in Parish Council life.

I recommend that the Parish Council thank Aoibheann for her report and her hard work during her placement and note the contents with a view to revisiting these ideas when the Parish Council undertakes a Strategic Review later in the year.

Dear Clerk at Hellesdon Parish Council.

Hellesdon: A140 Holt Road (adjacent to Trott Rentals) – Variable Message Sign Installation starting 10th August, for a duration of 5 days.

Norfolk County Council's Infrastructure Department is currently installing new electronic messaging signs that provide information to road users on journey times and events happening that may affect their travel.

This scheme is being delivered as part of the Bus Service Improvement Plan funding and the location on Holt Road, adjacent to the new Trott rentals site, will provide a suitable point on the network to provide information to network users.

The civil works in preparation for final sign installation are due to start on 10th August 2026 and will take 5 days to complete.

I attach for your information drawing PBA047-VMS 2-001 detailing the proposed variable messaging sign works.

If you have any views on this scheme, please respond no later than 12th June 2026. Replies should be sent to Mark Everett at Norfolk County Council either at the above address or by e-mailing to: mark.everett@norfolk.gov.uk.

Yours sincerely
For Norfolk County Council

Report for: Full Council

Date: 9 June 2026

Item Title: To receive report from Annual Parish Meeting held 27 May 2026 and to consider request to facilitate a meeting of local business owners in the vicinity of The Bull roundabout to resolving parking issues for patrons.

Background and Purpose

The Annual Parish Council meeting was held on 27 May 2026 at 6pm. The Local Government Act 1972 stipulates that the meeting should take place each year between 1 April and 1 June. It is not a Parish Council meeting but a meeting of the parish.

In addition to the usual items on the agenda there were two speakers. The first being Hellesdon's local police officers PC Matt Hills and Beat Manager PC Sam Hales, who were followed by Trevor Holden CEO of Broadland and South Norfolk Councils.

Police Presentation

PC Matt Hills and PC Sam Hales gave a presentation on police data for the period May 2025 to April 2026. At face value, whilst some figures had seen an alarming increase, drilling down into the data reflected that most report crimes for violence against the person relate to incidents that took place at Hellesdon Hospital. This is a similar position for thefts as the majority were recorded at ASDA.

Hellesdon is safe place to live and crime levels are low, particularly if you were to isolate the data from crimes reported at Hellesdon Hospital and ASDA.

Data relating to road traffic collisions (RTC) reflect that the majority of reported accidents take place on the main arterial routes through Hellesdon such as A140 and A1067.

Local Government Reform

Trevor Holden gave an excellent presentation on Local Government Reform managing to sort the fact from the fiction and provide some much needed clarity. Whilst matters are still being discussed the move to a three unitary system is likely to be the eventual outcome. Trevor advised that his experience of when he was CEO at Luton Borough Council meant that delivering services to residents did improve as wider parts of the local government administration system had to join together and see things more holistically, rather than organisations just protecting their own processes.

Both presentations are available on the Parish Council's website. In total there were 12 residents who attend the meeting.

Invitation to the Public to Raise any Matters for Consideration

During item 5 of the Annual Parish Meeting the owners of Cards n Things located on The Bull Roundabout asked about the parking situation around local businesses, especially those located around the The Bull Roundabout.

The tenants of The Bull Public House (not the owners Stonegate Group) introduced monitored parking enforced by automatic number plate recognition (ANPR) cameras earlier in the year. This was replicated by the owners of the Total Care Pharmacy some weeks later. Monitoring takes place 24 hours a day even when the businesses are closed.

Patrons of the Pharmacy and Pub are permitted to park in the respective car parks attached to the businesses, but it seems that if someone visits several businesses in the same area they are falling foul of the rules and are have been issued with fines.

The meeting asked whether the Parish Council could discuss this issue at a future meeting.

Recommendation

The Parish Council did write to the tenants of The Bull in December 2025 regarding this matter asking to reconsider the installation of ANPR cameras, and received a lengthy response detailing why they were content with the decision they had made. However, since then the tenancy has been [put up for sale](#), reasons for which are unknown.

Proposal for discussion: The Parish Council shall write to all local businesses in the location of The Bull Roundabout to facilitate a meeting to discuss the parking situation and to establish whether any resolutions can be agreed. The Parish Council to appoint two councillors to attend the meeting to facilitate discussions.
